**B.5 Travel/Housing:** The contractor shall keep complete and accurate records to support all invoices for travel and housing expenses under this contract.

Travel/Housing expenses incurred by the contractor shall be in accordance with the Standard Government Travel Regulations, Joint Travel Regulations, or the Federal Travel Regulation's in effect at the time of each trip, and not exceed the following:

# UNCLASSIFIED

S-LMAQM-04-C-0030

(a) Travel must be directly related to and required for performance of this contract, and authorized in advance and in writing by the Contracting Officer's Representative (COR). In no event shall costs associated with employee commuting be reimbursable as a direct cost under this contract.

(b) Administrative support (coordination of travel arrangements, etc.) will be the responsibility of the Contractor.

(c) When local travel between the Contractor employee's regular place of performance and other locations is specifically authorized by the COR, transportation expenses shall be allowable costs under this contract. For the purposes of this clause, local travel means travel within a 50-mile radius of the Contractor employee's regular place of performance and does not include daily commuting or associated costs.

(d) For travel where use of a personal automobile has been specifically authorized by the COR, reimbursement shall be computed on the basis of actual miles traveled from starting point to destination. Other related miscellaneous expenses, such as tolls and parking fees, incurred in the performance of tasks authorized under this contract, will be reimbursed. Car rentals require advance approval by the COR and will be authorized only when consistent with good business practice. Allowable costs shall not exceed the actual cost of renting a compact automobile (a maximum of one for five Contractor personnel), unless extenuating circumstances (e.g., excess baggage) require other arrangements and subsequent COR approval is obtained.

(e) Cost of air travel by the most direct route. Air Coach and air tourist accommodations constitute the normal class or airfare that shall be utilized. First class airfare shall not be authorized or allowed under this contract.

(f) The Government will reimburse the Contractor for Contractor employee's travel time to or from other authorized work locations; except that for labor categories which are exempt from the Fair Labor Standards Act, a reimbursement will be allowed only for travel during the employee's regular working hours. The Contractor will not be reimbursed for time spent in stand down or temporary layovers for the convenience of the Contractor except as authorized by the Federal Travel Regulations.

(g) The Contractor shall be responsible for ensuring that all personnel who will be required to travel outside the United States have current and valid passports. The Contractor shall also be responsible for obtaining any visas required for travel to foreign countries under this contract. The Contractor shall make no direct labor charges for obtaining/maintaining passports and/or visas.

The above travel expense shall be reimbursed on actual cost basis in accordance with the Federal Travel Regulations, and in all cases the Government official specified in the delivery order shall approve all travel.

## **B.7 DOSAR 652.228-76 DEFENSE BASE ACT INSURANCE RATES—LIMITATION— COST-REIMBURSEMENT, LABOR-HOUR, AND TIME-AND-MATERIALS (AUG 1999)**

(a) The Department of State has entered into a contract with an insurance carrier to provide DBA insurance to Department of State contractors at a contracted rate. In preparing the cost proposal, the offeror shall use the following rates in computing the cost for DBA insurance:

Services @ \$4.30 per \$100.00 of compensation (direct salary plus differential, but excluding per diem, housing allowance, education allowance, and miscellaneous allowances); or

Construction @ \$5.56 per \$100.00 of compensation.

(b) These rates apply to all job classifications in those particular categories. The successful offeror shall be advised of the name and address of the insurance broker who will process the DBA insurance coverage.

(c) Should an offeror compute or include higher DBA insurance rates, the rates shall be disallowed.

(d) Offerors shall include in their proposals a statement as to whether or not local nationals or third country nationals will be employed on the resultant contract.

**SECTION C — DESCRIPTION/SPECIFICATIONS/WORK STATEMENT**

**C.1 INCORPORATION OF CONTRACTOR'S TECHNICAL PROPOSAL (05/95)**

- (a) The Contractor shall perform this contract in accordance with its technical proposal dated December 1, 2003 and any revisions thereto submitted in response to Solicitation No. S-LMAQM-03-R-0109.
- (b) The Contractor's technical proposal is incorporated by reference and hereby made subject to the provisions of the "ORDER OF PRECEDENCE" clause in SECTION I of this contract. Under the "ORDER OF PRECEDENCE" clause, the Contractor's technical proposal shall follow "the specifications" in the order of precedence.

**C.2 GENERAL PROGRAM DESCRIPTION AND REQUIREMENT OVERVIEW**

The Department of State, Bureau for International Narcotics and Law Enforcement Affairs (INL), pursuant to Presidential Decision Directive 71 (PDD-71) on strengthening criminal justice systems in support of peace operations and other complex security operations overseas, has a requirement to:

**C.2.1 Personnel:** Establish and maintain a cadre of up to 2,000 (U.S.) experienced law enforcement personnel, available to serve in civilian peacekeeping missions overseas. The cadre will include a broad range of law enforcement experts and specialists, including generalists, trainers, border police, crimes against persons/property crimes investigators, crime scene investigators, managers (executive and supervisory), court security officers, corrections officers, intelligence officers, customs officers, dignitary protection officers, civil disorder specialists, organized crime investigators, and traffic accident investigators.

**C.2.2 Logistics and Support.** Provide pre-deployment and deployment support, including contract program management, uniforms and equipment, transportation arrangements and per diem for basic, in-service, and specialized training programs developed by the Government for the cadre of up to 2,000 law enforcement personnel, and provide in-country or off-site administrative, technical, logistical, or other unanticipated services, or actions to support the items cited in this RFP.

**C.2.3 Databases.** Maintain an existing database for U.S. contributions to a particular international organization and create additional databases, as required, to manage records relating to the cadre of up to 2,000 law enforcement personnel, including personnel and equipment inventories.

**C.2.4 Procurement.** Provide procurement services, as approved by the Contracting Officer (CO) and/or Contracting Officer's Representative (COR), of equipment for foreign police; and construction services, as directed, to support foreign police.

**C.3 PERSONNEL: ESTABLISHMENT AND MAINTAINENCE OF A CADRE OF UP TO 2,000 POLICE**

A key element of PDD-71 on enhancing U.S. capacities to respond to criminal justice aspects of peace operations and other complex contingencies is the establishment of a roster of up to 2,000 experienced American civilian law enforcement personnel. The purpose for creating a roster is to establish a U.S. capability to deploy quickly in response to urgent requests from the United Nations (UN), Organization for Security and Cooperation in Europe (OSCE), European Union (EU), other international or regional organizations to participate in international police operations, or to participate in complex security operations. Individual candidates for the roster will be carefully recruited, screened and selected to participate in such missions overseas. In addition, successful applicants will receive uniforms, service

weapons (e.g. 9MM handgun or other weapons authorized for a particular mission), personal equipment, and training and be given opportunities to participate in special training events on a regular basis in preparation for a future deployment overseas. Establishing a cadre of up to 2,000 law enforcement professionals will eliminate the requirement to conduct from scratch, recruitment, selection, and training activities each time the U.S. contributes police to an international CIVPOL operation. The names and qualifications, and/or areas of expertise of up to 2,000 police will be submitted at the direction of INL to the UN, OSCE, EU, or other international or regional organization for acceptance, i.e., certified as qualified to participate in missions established by those respective organizations.

**C.3.1** The make-up of the cadre should include a mix of levels, fields of expertise, and representation of the full range of law enforcement organizations, including federal, state, and local agencies. The following provides optimal percentages to obtain a mix of specialties within the cadre with a maximum of up to 2,000:

**Recruitment Categories: (Percentages based on 2,000 officers)**

- Law Enforcement Generalists - 45%
- Certified Trainers - 12%
- Border Police - 3%
- Crimes Against Persons Investigators - 4%
- Property Crimes Investigators - 3%
- Supervisory/Mgmt Officers - 7%
- Court Security Specialists - 2%
- Corrections Officers - 3%
- Intelligence Officers - 2% with DISCO clearances up to top secret level.
- Custom Specialists - 2%
- Crime Scene Investigators - 4%
- Commanders/Executive Officer - 1% with DISCO clearances up to top secret level.
- Dignitary Protection Officers - 3%
- Civil Disorder Specialist - 3%
- Organized Crime Investigators - 2%
- Traffic Accident Investigators - 4%

**C.3.2** Development of the U.S. CIVPOL capacity includes continuing the practice of seconding individuals for general CIVPOL duties, specialized functions, and potentially assignment as formed U.S. teams or units to participate in general or specialized police peacekeeping and complex security operations and functions. Such teams or units will be formed, trained and deployed for specific purposes for both short-term (days to months) and long-term (months to one year or longer) assignments. While most deployments are for a period of one year, extensions for varying periods of time are increasingly common. An important contractor activity will be ensuring that personnel rotation schedules reflect extensions and necessary personnel replacements in accordance with established procedures and practices of the host organization (e.g., United Nations) and in coordination with the COR.

**C.3.3** The Contractor shall be prepared to equip and deploy personnel to meet a wide-range of requirements in diverse environments, e.g., urban, rural, mountainous, or otherwise remote terrain with extreme weather conditions (winter/snow, desert/extreme heat, tropical/rainy) and intermittent or unreliable potable water, food, energy resources.

**C.3.3.1 Basic and Personal Equipment**

The Contractor shall provide and maintain a detailed list from existing commercial sources of uniforms and personal equipment, including: recommended quantity to be issued to each person, specifications for the following items at a minimum, and a recommendation and justification to the COR for any additional items not included below (Basic and personal equipment shall be included in overhead):

- Boots (winter/summer)
- Socks
- Dress shoes
- Turtleneck shirt
- Sweater
- Dress shirt (short sleeve/long sleeve)
- Dress pants
- Watch Cap
- All weather jacket/pants
- Nametags
- Shield
- Identification credential
- Thermal tops/pants
- Parka
- Gloves
- Duffel bag
- Flashlight (w/ batteries/bulbs)
- Inner/outer leather belts
- Pocket tool
- US flag patch
- Latex gloves
- First aid kits
- 9MM weapon w/ holster
- Magazines/pouches
- Holsters
- Handcuffs w/ case
- Radio pouch
- Spray pouch
- Asp baton pouch
- Keepers
- Baton
- Double mag flashlight w/ pouch
- Raid jacket
- Sleeping bag
- Fanny pack
- Gun cleaning kit
- Reflective traffic vest
- Soft body armor
- BDU sets
- Winter/summer uniform shirts

#### **C.3.4 CADRE OF UP TO 2,000 PERSONNEL**

C.3.4.1 U.S. voluntary contributions to CIVPOL components of international peacekeeping missions include direct support that complements and is in addition to support provided by the UN or OSCE for U.S. personnel seconded to the operational control of the CIVPOL Commissioner. U.S. CIVPOL members receive a basic issue of uniforms and personal equipment, including weapon, selected for each mission by INL. Once deployed, personnel assigned to CIVPOL missions receive support from the INL contractor designed to address personnel administration matters and critical operational requirements, including security, reliable energy sources or potable water, rapid acclimatization to CIVPOL organizations and field environment, administrative services, personal equipment repair and replacement, provision of routine and emergency medical support, facilitate communication with immediate family members back in the U.S., and promote morale, welfare and recreation. The type and level of field support provided to U.S. CIVPOL, which varies from mission to mission is determined at the time a policy decision is reached regarding the number of U.S. police being contributed to a particular mission.

C3.4.2 U.S. personnel assigned to perform training and advisory tasks involving foreign CIVPOL personnel, new or existing local police, or host government officials may be required to do so as uniformed members of the U.S. CIVPOL contingent, or as non-uniformed law enforcement trainers or technical experts. Such training and advisory activities may be provided as U.S. bilateral assistance or as U.S. contributions to specific multilateral initiatives.

### **C3.5 DIRECT U.S. GOVERNMENT INVOLVEMENT IN THE CIVPOL TRAINING PROGRAM**

C3.5.1 U.S. Government/Department of State, Bureau of International Narcotics and Law Enforcement Affairs (USG/INL) is developing a training program to ensure that members of the group of up to 2,000 are trained and prepared to the maximum extent possible for assignment in international civilian police missions. While INL is developing the program to ensure the curriculum meets Police Officer Standards and Training (POST) certification requirements across the United States, the contractor may be tasked to provide classroom space, access to firearms shooting ranges (handgun and shotgun), space to conduct indoor/outdoor physical activities (fitness evaluation may include specific requirements, e.g., obstacle course), and deliver modular segments of the program (e.g., defensive tactics, weapons qualification, physical fitness qualification). In addition, INL anticipates the participation of other USG and private agencies and organizations in the delivery of various elements of the training program. Individuals selected for the group will also receive training on an annual basis in policing skills recognized across the United States as essential to conducting effective law enforcement that is consistent with internationally recognized principles of policing in a democracy and concern for human rights and dignity. In addition, specialized and in-service training opportunities and combined exercises will be developed and made available on a regular basis in various U.S. and overseas locations. A unique aspect of the program will be participation of foreign police officers at the invitation of the US. The overall training program and its specialized components will be presented to U.S. and certain foreign, international and regional law enforcement organizations and training academies for recognition and certification.

C3.5.2 Direct USG/INL support for CIVPOL training activities may include pay, allowances, per diem, round-trip transportation, lodging and meals, training equipment, supplies and materials, facilities rental and maintenance, honoraria for guest speakers, and special uniforms and personal equipment.

### **C3.6 LOGISTICAL AND ADMINISTRATIVE SUPPORT IN THE FIELD**

C3.6.1 USG experience with operational capabilities of international and regional organizations, such as the United Nations, is that direct USG support is preferable for U.S. personnel assigned to peacekeeping operations in the field as a supplement to any operational support provided by the host organization. The contractor shall be required to respond to a wide variety of operational circumstances, including extreme weather conditions and rudimentary infrastructure. For example, winter conditions may be exacerbated by low availability of heating fuel, intermittent access to electrical power, extremely poor road conditions, partially destroyed residential structures, limited access to furniture and other household features, unreliable telephone service, no commerce, poor sanitary conditions and generally unresponsive public works. Such conditions may be further complicated, particularly in the early start-up phases of peacekeeping operations, by tenuous public security, ineffective police and judicial organizations, and no access to medical assistance or facilities. International peacekeeping operations in areas emerging from violent hostilities may be initiated in the midst of political and civil unrest involving armed groups, refugees, internally displaced persons, thugs and organized gangs, and remnants of recently active military units.

C3.6.2 An important aspect of U.S. participation in international operations is the ability of the support contractor to provide support systems that address such difficult field conditions. The contractor must be prepared to deploy support personnel in advance of U.S. CIVPOL deployment to conduct such activities as the following:

- Confirm field conditions.
- Identify adequate housing for U.S. CIVPOL and contractor support personnel; modify such housing as required, e.g., provide generators for electrical power, repair plumbing and electrical functions, clean and repair destroyed buildings.

- Provide food (MREs) and deliver potable water for people in the field.
  - Take appropriate actions to address security threats to contractor personnel and facilities.
  - Establish emergency medical capacities, to include mechanisms to move seriously injured U.S. CIVPOLs out of the AOR for medical treatment (in a hospital plane if necessary).
  - Provide access to routine and preventative medical care in the field.
  - Establish and administer Morale, Welfare and Recreation programs,
    - E.g., access to telephone and Internet for routine and emergency connection to immediate family members in the US, paperback books and video/DVD entertainment, physical fitness equipment, and travel assistance.
  - Administer time and attendance requirements.
  - Provide access to uniform and personal equipment items to replace unserviceable items.
- Establish and maintain warehouse facility for personal equipment, emergency equipment and supplies, equipment procured as part of a foreign assistance program, and other support capabilities.

### **C.3.7 MAINTAIN AN EXISTING DATABASE**

C.3.7.1 INL, through a State Department contract, has established a database of law enforcement personnel who meet criteria for various positions established by the Organization and Security and Cooperation in Europe (OSCE) for potential service in its Rapid Expert and Assistance Cooperation Teams (REACT) system. Personnel included in the REACT database are potential candidates for seconded assignments to OSCE for periods up to one year. The U.S. is currently contributing to OSCE police observer, training, and advisory missions in Croatia, Kosovo, Southern Serbia, and Macedonia. The Contractor shall maintain this existing personnel database, including safeguarding database fields of information, varying firewalls, and levels of access. Information must be maintained to record how new applicant (successful, unresponsive, rejected, or inactive) data will be processed and maintained. The database is the property of the USG, and is available to INL on-line on demand from INL headquarters in Washington, DC.

The OSCE REACT database fields are provided as an Attachment in Section J.

The software is a 3-tiered Web based application built using Microsoft Active Server Pages (ASP) for the presentation layer, Microsoft Component Object Model (COM) objects in the business layer and Microsoft SQL Server 2000 in the data layer. The user interface is rendered in Microsoft Internet Explorer 5.5 SP2 or higher.

### **C.3.8 CREATE, PROVIDE AND MAINTAIN A SECOND PERSONNEL SYSTEM DATABASE**

C.3.8.1 The Contractor shall provide a comprehensive personnel database for the cadre of civilian police required under this contract. This database shall be available for use and up and running in accordance with the timetable set forth in the Contractor's technical proposal (and/or as said timetable is reviewed/approved by the COR) for establishing a database, capacity, proposed fields to be included in the database, and how the system will be maintained. As with the OSCE database, this new database will be the property of the USG and made available to INL on-line access on demand from INL headquarters in Washington, DC. Ideally the database would be available via Internet connection.

### **C.3.9 IDENTIFICATION OF TECHNICAL ADVISORS (e.g., Law Enforcement/Police advisors, Prisons/Corrections advisors, Judicial advisors)**

C.3.9.1 Civilian police peacekeeping increasingly includes international efforts to establish effective democratic law enforcement institutional capabilities. This may include creating police forces where none previously existed, restructuring existing police forces to provide law enforcement systems consistent with internationally recognized principles of democratic policing, or substantially enhancing police force capabilities in countries or regions emerging from conflict. Such activities may be the direct responsibility of an international CIVPOL mission under a specific mandate authorized by the UN or regional organization, a component of a larger regional or international effort, and/or supported and delivered

through U.S. and other bilateral assistance programs. U.S. participation may include a combination of voluntary and assessed financial contributions to an international mission, voluntary financial contributions to an international mission, contributions of in-kind technical advisory services of individuals seconded to an international mission, or direct bilateral assistance to the recipient government or entity.

**C.3.9.2** U.S. involvement in establishing institutional capabilities may include contributions of experts to develop and/or deliver training or advisory services for both short-term (1 day to 6 months) and long-term (6 months to 1 year, plus) assignments. Activities may include:

- Conducting assessments of existing public security conditions or events, institutional capacities relating to academy (curriculum, facilities), forensic sciences (laboratory, practices, effectiveness), organizational development (institutional policies, standard operating procedures, strategic planning and budget formulation), and accreditation (use of force, public complaint procedures and supporting legislation and legal affairs functions), judicial system (elements and capabilities of prosecutors and defense/bar, courts, court procedures and management, training, criminal codes and procedures), or corrections (establish detention centers and organization, establishment and management of up to maximum security prison facilities, training for correctional personnel), or other corrections-related activities.

#### **C.8 General Description Of Level Of Support Needed In The Field**

There are several factors contributing to the U.S. decision to provide support for U.S. CIVPOL personnel serving overseas, including: 1) U.S. personnel often deploy soon after the cessation of hostilities to areas

that have experienced substantial physical destruction and/or the total disruption of public works and commercial activities; 2) Our experience strongly indicates that the international organization with responsibility for administering a particular CIVPOL operation is unlikely to meet U.S. standards for addressing health or welfare needs of individuals in the field; 3) Our experience also indicates that the United Nations does not have the capacity to address medical requirements, particularly emergencies, in a timely manner; 4) US deployments are large compared to many other countries and create a immediate strain on any existing support systems being established to service a peacekeeping mission; and 5) U.S. deployments may include assignment of individuals who require special support, e.g., in addition to a large uniformed CIVPOL contingent, U.S. participation may include advisors, trainers, consultants and technical specialists who are not assigned to serve in CIVPOL units. Such individuals may require housing, transportation, communications, and computers and administrative support.

Once deployed, requirements for field support change over time. While field support in the first six months of an operation may be the most critical to individual police officers, field support continues to be key for effective U.S. participation in a peacekeeping operation for the first 12-18 months. During this period, U.S. CIVPOL are likely to be assigned to difficult or remote locations and depend on Contractor field support to help them adjust to what may be harsh living conditions, lack of potable water, difficulties in obtaining regular access to healthful food and/or food supplies, inconsistent availability of heat or electricity, poor sanitation, access to modern medical services, concerns for personal safety, communications with family members in the U.S., access to functioning financial institutions and services. Over time, general conditions improve and people deployed to U.S. CIVPOL missions require lower levels of support; however, such conditions and a timeline for planning reductions in field support cannot be determined in advance of actual deployment.

Requirements in the field that the Contractor may be directed to provide include: warehouse for personal equipment (clothing, camping equipment, ballistic vests, weapons, ammunition, etc) and warehouse equipment, supplies and materials needed to establish, store and manage inventory; new construction and renovation of existing offices, buildings, classrooms, housing to support operational requirements; procurement of equipment that will be provided to foreign law enforcement personnel as part of U.S. foreign assistance programs; procurement, installation and maintenance of generators; communications systems design, procurement of communications equipment, installation and maintenance of such equipment, and training for key operators; establishment of a medical clinic and system for addressing day-to-day health conditions of a U.S. police contingent that may be assigned to various locations throughout the area of responsibility; and a capacity to stabilize and evacuate under emergency medical conditions, office space, furniture, equipment for administrative purposes, MWR features (Internet, telephones, computers, video and book library, physical fitness space/equipment), and space for vehicles.

#### **C.9 Short Narrative On History/Scope/Duration Of Each Known Requirement**

The U.S. has been participating in police components of peacekeeping and complex security operations since the 1994 Multinational intervention in Haiti. To date, an estimated over 2,500 U.S. police and other law enforcement, legal and judicial experts have participated in the following:

**United Nations Interim Administration in Kosovo (UNMIK):** United Nations Security Council resolution 31244 authorized the UNMIK mission in June 1999. As a part of a peace agreement to end the NATO bombing campaign, Serbia was forced to withdraw all of its security forces, including police, from Kosovo. Serbian police had provided all law enforcement in the province since 1989 and their departure left a public security vacuum that NATO military forces could only partially fill. An UNMIK Police Force was created to perform the range of law enforcement functions in Kosovo and to assist in the training and development of a new Kosovo Police Service (KPS) comprised of ethnic Albanians, Serbs, and other minorities. The KPS ultimately will assume full responsibilities for policing Kosovo from the UNMIK Police—over 5600 KPS officers have been trained and deployed. The U.S. currently provides approximately 500 American police (with a high of 605 U.S. police) to the 4,500-member UNMIK Police from over 50 countries, including a Deputy Commissioner. In addition, we provide approximately 12 police trainers to the KPS school (with a high of approximately 75 U.S. trainers), operated by the Organization for Security and Cooperation in Europe (OSCE).

**United Nations Mission in Bosnia-Herzegovina (UNMIBH):** The Dayton peace accords, signed in December 1995, ended the bloody, four-year conflict among Serbs, Croats, and Muslims. The Peace Accords created two entities within the country of Bosnia-Herzegovina—the Republika Srpska and the Federation of Bosnia-Herzegovina. Police in both entities had been pulled into the fighting; military, paramilitary and police units were commingled; many of those officers performing police functions were not trained in civilian policing; and infrastructure and resources were destroyed. An unarmed international CIVPOL mission, the International Police Task Force (IPTF) was established by UN Security Council resolution 1031 in December 1995 to, inter alia, oversee the reform of Bosnian police institutions. The U.S. provided 200 of the authorized 2053 officers from some 40 nations authorized to participate in the mission. Key IPTF responsibilities have included: certifying police personnel, separating civilian law enforcement personnel and functions from the military, reforming and restructuring police forces to reflect independent civilian authority, vetting police personnel for human rights violations and other crimes, and training, monitoring, and advising the entities police forces on the principles of democratic policing. U.S. involvement in the civilian police mission in Bosnia phased out when the United Nations mission ended in December 2002. IPTF responsibilities have been redefined and transitioned to the European Union Police Mission (EUPM).

**United Nations Transitional Administration in East Timor (UNTAET):** UN Security Council resolution 1272 authorized the UNTAET mission in 1999 in the aftermath of a bloody rampage conducted by militias (gangs) following a referendum to separate East Timor from Indonesia and establish an independent country of East Timor. The UN established a transitional administration to perform interim governmental functions, including law enforcement, and to establish local government institutions, such as the 3,000-member East Timor Police Service (ETPS). Currently the U.S. provides 46 police of the some 500 international police currently assigned to the UNTAET CIVPOL mission. On May 20, 2002 East Timor became the world's newest independent country. The UNTAET CIVPOL mission is downsizing with a currently projected end date of May 2004. Thus, our contribution will be declining as well.

**Afghanistan:** After decades of internal political and religious conflicts, U.S. military actions following the September 11, 2001 terrorist attack on the World Trade Center to dismantle the Taliban regime, and efforts to destroy the al Qaeda terrorist organization, much of Afghanistan's infrastructure and physical plant in Kabul is in need of substantial repair, renovation, and reconstruction. Police stations were bombed and burned, vehicles and equipment were confiscated, records and administrative capacities were destroyed and police personnel were forced into hiding under the threat of death. The U.S. is supporting the German-led international effort to reform, equip and train the Afghanistan National Police (ANP). U.S. assistance will focus on providing basic policing skills training, communications and other law enforcement equipment, advisors and technical assistance for the 7,000 ANP in Kabul, with the potential to expand to include the police in provinces throughout Afghanistan. The U.S. has also agreed to provide training and other technical assistance to a significant number of Afghanistan Highway Patrol Officers, and is currently working on plans to assist in the development of the Afghan Border Police. The U.S. also supports the Italian-led initiative to reform and develop the judicial sector in Afghanistan, to include training, materials, equipment and infrastructure support.

**Iraq:** The Department of State, Bureau for International Narcotics and Law Enforcement Affairs (INL) is developing options to support police, justice, and prison programs that may be implemented in Iraq. While the precise program requirements have not been defined, USG/INL is supporting the Department of Defense (DOD), Coalition Provisional Authority (CPA) (formerly the Office of Reconstruction and Humanitarian Affairs (ORHA)), as it exercises responsibility for overall civil administration in Iraq. INL may be required to establish and maintain a group of up to 1,000 (U.S.) experienced law enforcement personnel, available to serve in this operation in Iraq. The group could include a broad range of law enforcement experts and specialists, including generalists, trainers, border police, homicide investigators, crime scene investigators, managers (executive and supervisory), court security officers, corrections officers, intelligence officers, customs officers, dignitary protection officers, civil disorder specialists, organized crime investigators, and traffic accident investigators. This project will also provide support, including: transportation arrangements for up to 1,000 advisors and provide in-country or off-site administrative, technical, logistical, or other unanticipated services, or actions to support the project. In addition the project will establish and maintain a personnel database of U.S. personnel assigned to this

particular operation, and provide a capacity to identify technical advisors to create, train, advise, develop or restructure civilian police, justice, and corrections systems and organizations at national, provincial and municipal levels.

Program elements will include the development and delivery of standard operating procedures, legal codes, institutional training programs and related infrastructure, public awareness, special interim courts, legal mechanisms for handling war crimes and human right violations, and other elements to enhance police, justice and prison institutions in post-Hussein Iraq. This will involve identifying, screening, preparing, equipping, training, deploying, and supporting in Iraq for one-year up to 1,000 experienced U.S. police, justice and corrections personnel. U.S. advisors may be in a police uniform and perform operational functions, i.e., they may be armed and may have the authority and/or responsibility for conducting law enforcement. The precise level of preparation and field support will be determined by field conditions, and a determination regarding the level of security threat

**Other Field Requirements:** While field requirements have ranged to over 100 non-uniformed police specialists, there are now approximately 36 such police, other law enforcement and judicial specialists currently deployed in Croatia, Macedonia, Serbia, Kosovo, East Timor and Iraq who are engaged in police, prisons, or judicial assistance programs. Their activities include assessing local police capabilities and advising senior local political and police leaders on strategic development and operations, advising international administrators on police reform and training matters, providing technical expertise in subjects such as development of computer based police information management systems, corrections systems development border control, customs, immigration, fighting organized crime, and civil disturbance management. These personnel also develop training curricula, serve as training advisors and program managers, design and develop comprehensive training programs, to include field training (FTO), and conduct basic and advanced police training in a wide variety of modern policing methods and practices.

**SECTION D — PACKAGING AND MARKING****D.1 DATA PACKAGING REQUIREMENTS (11/96)**

- (a) All unclassified data shall be prepared for shipment in accordance with best commercial practices.
- (b) Classified reports, data, and documentation shall be prepared for shipment in accordance with the National Industrial Security Program Operating Manual (DOD 5220.22-M).

**G.4 652.242-70 Contracting Officer's Representative (COR)**

As prescribed in 642.271, insert a clause substantially the same as follows:  
Contracting Officer's Representative (Aug 1999)

(a) The Contracting Officer may designate in writing one or more Government employees, by name and position title, to take action for the Contracting Officer under this contract. Each designee shall be identified as a Contracting Officer's Representative (COR). Such designation(s) shall specify the scope and limitations of the authority so delegated; provided, that the designee shall not change the terms or conditions of the contract, unless the COR is a warranted Contracting Officer and this authority is delegated in the designation.

(End of clause)

**G.5. ORDERING PROCEDURES (11/96)**

(a) In accordance with FAR 52.216-18 "ORDERING," the following individuals and activities are authorized to issue delivery orders or task orders hereunder:

Department of State Contracting Officer:  
Michael S. Larson  
A/LM/AQM/WWD/DAB

(b) Orders placed under this contract shall contain the following information:

- (1) Date of order;
- (2) Contract number and order number;
- (3) Item number and description, quantity, and unit price;
- (4) Delivery or performance date;
- (5) Place of delivery or performance (including consignee);
- (6) Packaging, packing, and shipping instructions, if any;
- (7) Accounting and appropriation data;
- (8) Security clearance level(s), applicable to the order, if any; and
- (9) Any other pertinent information.

(c) Issuance of orders by facsimile is authorized in accordance with FAR 52.216-18 "ORDERING."

**G.6. ADDITIONAL ORDERING PROCEDURES FOR OTHER GOVERNMENT AGENCIES**  
(02/96)

Contracting Officers for the other Government agencies, identified in the clause entitled "ORDERING PROCEDURES," are authorized to issue delivery orders or task orders under this contract only after obtaining prior written authorization from the designated Contracting Officer's Representative (COR). Requests for authorization shall include: contract line item numbers, quantities, and prices for all items to be ordered. If approved, a copy of the COR's letter granting authorization shall be attached to the delivery order or task order. The Contractor shall not accept any orders from other Government agencies which do not include a copy of the COR's authorization. A copy of each delivery order or task order shall be provided to the U.S. Department of State's Contracting Officer and COR at the time the order is issued.

**G.7. TASK ORDERS (11/96)**

(a) Task Order Requests shall be issued in writing to the Contractor by the Contracting Officer or the Contracting Officer's Representative (COR) and will describe the specific support required by the Department of State. A Task Order Request is a request for proposal; it is not a Task Order and does not authorize performance.

(b) Each Task Order Request shall include, at a minimum:

- (1) A description of the work to be performed;
- (2) Reporting, briefings, and/or other deliverable requirements; and
- (3) The estimated period of performance or required completion date.

(c) The Contractor(s) shall, within ten working days of the receipt of a Task Order Request, submit to the COR a written technical proposal and a separate detailed cost proposal. A cost proposal shall include the following, as applicable:

- (1) The required number of labor hours by labor classification and labor rates;
- (2) Overtime hours and rates by labor category;
- (3) Direct material, travel, subsistence, and similar costs;
- (4) Dollar amount and type of any proposed subcontract(s);
- (5) Total estimated price; and,
- (6) Proposed completion or delivery dates.

(d) The COR shall review the proposal(s) and forward his written recommendations, along with a copy of the proposal, to the Contracting Officer. Following successful negotiations of the Contractor's proposal, the Contracting Officer shall issue a written Task Order to the Contractor providing the necessary funding and authorizing the Contractor to begin work.

The Government shall not be obligated to pay the Contractor any amount in excess of the total Task Order amount, and the Contractor shall not be obligated to continue performance if to do so would exceed the total Task Order amount.

(e) If multiple contracts are awarded the U.S. Department of State reserves the right to award task orders on a competitive or sole source basis depending on the situation and environment.

**SECTION H — SPECIAL CONTRACT REQUIREMENTS**

**H.1 CONTRACTOR COMMITMENTS, WARRANTIES AND REPRESENTATIONS (05/95)**

Any written commitment by the Contractor within the scope of this contract shall be binding upon the Contractor. Failure of the Contractor to fulfill any such commitment shall render the Contractor liable for liquidated or other damages due to the Government under the terms of this contract. For the purpose of this clause, a written commitment by the Contractor is limited to the proposal submitted by the Contractor, and to specific written modifications to the proposal. Written commitments by the Contractor are further defined as including (1) any warranty or representation made by the Contractor in a proposal as to hardware or software performance; total systems performance; and other physical, design, or functional characteristics of equipment, software package or system, or installation date; (2) any warranty or representation made by the Contractor concerning the characteristics or items described in (1) above, made in any publications, drawings, or specifications accompanying or referred to in a proposal; and (3) any modification of or affirmation or representation as to the above which is made by the Contractor in or during the course of negotiations, whether or not incorporated into a formal amendment to the proposal.

**H.2 KEY PERSONNEL (02/96)**

(a) The Contractor shall assign to this contract the following key personnel:

**LABOR CATEGORY**

**NAME**

Headquarters Program Manager

In-country Deputy Program Managers

B6, B4

(b) The Contractor agrees that a partial basis for award of this contract is the list of key personnel proposed. Accordingly, the Contractor agrees to assign to this contract those key persons whose resumes were submitted with the proposal necessary to fulfill the requirements of the contract. No substitution shall be made without prior notification to and concurrence of the Contracting Officer. During the first ninety days of performance, the Contractor shall make no substitutions of key personnel unless the substitution is necessitated by illness, death, or termination of employment.

(c) All proposed substitutes shall meet or exceed the qualifications of the person to be replaced. The Contracting Officer shall be notified in writing of any proposed substitution at least forty-five days or ninety days if a security clearance is to be obtained, in advance of the proposed substitution. Such notification shall include: (1) an explanation of the circumstances necessitating the substitution; (2) a complete resume of the proposed substitute; and (3) any other information requested by the Contracting Officer to enable him to judge whether or not the Contractor is maintaining the same high quality of personnel that provided the partial basis for award.

**H.3 NONPAYMENT FOR UNAUTHORIZED WORK (05/95)**

No payments will be made for any unauthorized supplies or services, or for any unauthorized changes to the work specified herein. This includes any services performed by the Contractor of his own volition or at the request of an individual other than a duly appointed Contracting Officer. Only a duly appointed Contracting Officer is authorized to change the specifications, terms, and/or conditions of this contract.

**H.4 ORGANIZATIONAL CONFLICT OF INTEREST - GENERAL (02/96)**

- (a) The Contractor warrants that, to the best of its knowledge and belief, there are no relevant facts or circumstances which would give rise to an organizational conflict of interest, as defined in FAR Subpart 9.5, or that the Contractor has disclosed all such relevant information.
- (b) The Contractor agrees that if an actual or potential organizational conflict of interest is discovered after award, the Contractor will make a full disclosure in writing to the Contracting Officer. This disclosure shall include a description of actions, which the Contractor has taken or proposes to take to avoid or mitigate the actual or potential conflict.
- (c) If the Contractor was aware of a potential organizational conflict of interest prior to award or discovered an actual or potential conflict after award and did not disclose or misrepresented relevant information to the Contracting Officer, the Government may terminate the contract for default.
- (d) The Contractor shall insert the substance of this clause, including this paragraph (d), in all subcontracts.

#### **H.5 SAFEGUARDING OF INFORMATION (05/95)**

The Contractor and its employees shall exercise the utmost discretion in regard to all matters relating to their duties and functions. They shall not communicate to any person any information known to them by reason of their performance of services under this contract which has not been made public, except in the necessary performance of their duties or upon written authorization of the Contracting Officer. All documents and records (including photographs) generated during the performance of work under this contract shall be for the sole use of and become the exclusive property of the U.S. Government. Furthermore, no article, book, pamphlet, e-mail, recording, broadcast, speech, television appearance, film or photograph concerning any aspect of work performed under this contract shall be published or disseminated through any media without the prior written authorization of the Contracting Officer. These obligations do not cease upon the expiration or termination of this contract. The Contractor shall include the substance of this provision in all contracts of employment and in all subcontracts hereunder.

#### **H.6 TECHNICAL DIRECTION (05/95)**

(a) Performance of the work hereunder shall be subject to technical instructions, whether oral or written, issued by the Contracting Officer's Representative specified in SECTION G of this contract. As used herein, technical instructions are defined to include the following:

(1) Directions to the Contractor which suggest pursuit of certain lines of inquiry, change work emphasis, fill in details or otherwise serve to assist in the Contractor's accomplishment of the Statement of Work.

(2) Guidance to the Contractor which assists in the interpretation of drawings, specifications or technical portions of work description.

(b) Technical instructions must be within the general scope of work stated in the contract. Technical instructions may not be used to: (1) assign additional work under the contract; (2) direct a change as defined in the "Changes" clause of this contract; (3) increase or decrease the contract price or estimated contract amount (including fee), as applicable, the level of effort, or the time required for contract performance; or (4) change any of the terms, conditions or specifications of the contract.

(c) If, in the opinion of the Contractor, any technical instruction calls for effort outside the scope of the contract or is inconsistent with this requirement, the Contractor shall notify the Contracting Officer in writing within ten working days after the receipt of any such instruction. The Contractor shall not proceed with the work affected by the technical instruction unless and until the Contractor is notified by the Contracting Officer that the technical instruction is within the scope of this contract.

(c) Nothing in the foregoing paragraph shall be construed to excuse the Contractor from performing that portion of the contractual work statement which is not affected by the disputed technical instruction.

**H.7 STANDARDS OF CONDUCT**

The Contractor shall ensure that personnel assigned to this contract observe the highest standards of personal and professional conduct, and that employees assigned to locations outside the United States observe the requirements of the local law and applicable US mission regulations, including but not limited to instructions or policies governing outside employment, commercial activities, currency exchange, travel restrictions, and nonfraternization with host country nationals.

The Contractor is responsible for recruiting and hiring only those personnel who can maintain the standards of conduct required under this contract. Additionally, the Contractor is responsible for maintaining satisfactory standards of employee conduct and integrity and shall be held fully accountable for the conduct of its employees and its subcontractor's employees.

If the Contracting Officer determines that continued performance under this contract by any Contractor or subcontractor personnel is contrary to the public interest, the Contractor shall remove the employee from all work under this contract. The costs incurred for removal of personnel for violation of standards of conduct, including but not limited to travel or defense of litigation, shall not be allowable under this contract unless the Contracting Officer determines that the Contractor fulfilled its responsibility in the recruitment, employment, and oversight of the individual(s) involved.

Additionally, the contractor shall adhere to the following prohibited activities which include any unauthorized involvement in trafficking of person, unauthorized frequenting of locations known to be involved with prostitution or trafficking of persons, any involvement with the soliciting of persons for the purpose of engaging in sexual acts, and any participation in sexual activity in exchange for any monetary or non-monetary form of consideration.

**H.8 CONTRACTOR PERSONNEL MEDICAL REQUIREMENTS**

The Contractor shall be responsible for assuring that Contractor personnel, including subcontractor personnel, who are required to travel in connection with this contract, are physically able to travel to the intended destination and remain there without significant risks to health for the required periods. The Contractor shall be responsible for assuring that such individuals receive the proper immunizations and take the proper health measures before, during, and after said travel. Physical examinations and immunizations will not be provided by the Government.

**H.9 INSURANCE (05/95) MODIFIED (04/96)**

(a) In accordance with FAR 52.228-5 "INSURANCE--WORK ON A GOVERNMENT INSTALLATION," the Contractor shall, at no additional expense to this contract, provide and maintain, in addition to any other insurance coverage required elsewhere in this contract, the following types of insurance in the amounts specified. Before commencing work under this contract, the Contractor shall certify to the Contracting Officer in writing that at least the kinds and minimum amounts of insurance required below have been obtained.

(b) The Contractor shall insert the substance of this clause, including this paragraph, in subcontracts under this contract that require work in a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

(c) Types of Insurance Required

(1) Workers' Compensation and Employers' Liability. The Contractor is required to comply with all applicable Federal and State workers' compensation and occupational disease statutes. If occupational diseases are not compensable under those statutes, they shall be covered under the employer's liability

section of the insurance policy, except when contract operations are so commingled with a Contractor's commercial operations that it would not be practical to require this coverage. Employer's liability coverage of at least \$100,000 is required, except in States with exclusive or monopolistic funds that do not permit worker's compensation to be written by private carriers.

- (2) General Liability. The Contractor shall provide bodily injury liability insurance coverage written on the comprehensive form of policy of at least \$500,000 per occurrence.
- (3) Automobile Liability. The Contractor shall provide automobile liability insurance written on the comprehensive form of policy. The policy shall provide for bodily injury and property damage liability covering the operation of all automobiles used in connection with performing the contract. Policies covering automobiles operated in the United States shall provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage. The amount of liability coverage on other policies shall be commensurate with any legal requirements of the locality and sufficient to meet normal and customary claims.
- (4) Aircraft Public and Passenger Liability. When aircraft are used in connection with performing the contract, the Contractor shall provide aircraft public and passenger liability insurance. Coverage shall be at least \$200,000 per person and \$500,000 per occurrence for bodily injury other than passenger liability, and \$200,000 per occurrence for property damage. Coverage for passenger liability bodily injury shall be at least \$200,000 multiplied by the number of seats or passengers, whichever is greater.
- (5) Vessel Liability. When contract performance involves use of vessels, the Contractor shall provide vessel collision liability and protection and indemnity liability insurance as determined by the Department of State.
- (6) Defense Base Act: The Defense Base Act applies to this procurement. The Contractor is required to comply with Section I clause 52.228-03, Workers' Compensation Insurance (Defense Base Act). (See also Section H clause, Waiver of Defense Base Act Insurance Requirements for Local and Third Country Nationals Employed on Overseas Contracts.)
- (7) Insurance - Liability to Third Persons. The Contractor shall provide liability insurance as required by Section I clause 52.228-07, Insurance - Liability to Third Persons.
- (8) Medical Evacuation Insurance. The Contractor shall provide medical evacuation insurance for those Contractor employees hired in the United States and assigned overseas on permanent assignment or temporary duty. The insurance shall provide for at least: telephone access, medical reference service, emergency evacuation, medically supervised repatriation, repatriation of mortal remains. The Contractor is exempt from the requirement if the Contractor's health insurance program includes sufficient medevac coverage, as approved by the Contracting Officer.

#### H.10 CERTIFICATE OF INSURANCE

The Contractor shall furnish the Contracting Officer with a current certificate of insurance as evidence of the insurance required. In addition, the Contractor shall furnish evidence of a commitment by the insurance carrier to notify the Contracting Officer in writing of any material change, expiration or cancellation of any of the insurance policies required not less than thirty (30) days before such change, expiration or cancellation is effective. When coverage is provided by self-insurance, the Contractor shall not change or decrease the coverage without the Contracting Officer's approval.

**H.11 SOURCE/ORIGIN/NATIONALITY REQUIREMENTS FOR PROCUREMENT GOODS AND SERVICES.**

(a) General. Except as may be specifically approved or directed in advance by the Contracting Officer, all goods (e.g., equipment, vehicles, materials and supplies), and services which will be financed under this contract with United States dollars shall be procured in and shipped from the United States. The authorized geographic source code for this contract is 000, United States. Guidance on eligibility of specific goods or services may be obtained from the Contracting Officer. DOS has adopted the Agency for International Development's (AID) policies on source and nationality requirements which are contained in Chapters 4 and 5 of AID Handbook 1, Supplement B (Procurement Policies).

(b) Ocean and air transportation.

(1) Except as otherwise approved in writing by the Contracting Officer, DOS will finance only those costs:

(i) Incurred on vessels under U.S. flag registry, when Geographic Code 000 is authorized for procurement of goods or services;

(ii) incurred on vessels under flag registry of any free world country, if the costs are part of the total cost on a through bill of lading paid to a carrier for initial carriage on a vessel which is authorized in accordance with paragraphs (b)(1)(i) above.

(2) When use of non-U.S. flag vessels has been authorized, the following requirements still apply:

(i) At least 50% of the gross tonnage of all goods purchased under this contract and transported to the host country on ocean vessels shall be transported on privately-owned U.S. flag commercial vessels, to the extent such vessels are available at fair and reasonable rates for such vessels; and

(ii) At least 50% of the gross freight revenue generated by shipment of goods purchased under this contract and transported to the host country on dry cargo liners shall be paid to or for the benefit of privately-owned U.S. flag commercial vessels to the extent such vessels are available at fair and reasonable rates for such vessels.

(3) When U.S. flag vessels are not available, or their use would result in a significant delay, the Contractor may request a certificate of non-availability from the COR, giving the basis for the request. Such a determination of non-availability will relieve the Contractor of the requirement to use U.S. flag vessels for the tonnage of goods included in the determination.

(4) Vouchers submitted for reimbursement which include ocean shipment costs shall contain a certification essentially as follows: "I hereby certify that a copy of each ocean bill of lading concerned has been submitted to the Maritime Administration, Cargo Preference Control Center, Commerce Building, Washington, D.C. 20235 and that such bills of lading state all of the carrier's charges including the basis for calculation such as weight or cubic measurement".

(5) For use of U.S. flag air carriers, see Section I clause 52.247-63, Preference for U.S. Flag Air Carriers.

(c) Marine insurance. The eligibility of marine insurance is determined by the country in which it is "placed." Insurance is "placed" in country if payment of the insurance premium is made to, and the insurance policy is issued by, an insurance company located in that country. Eligible countries for placement are governed by the authorized geographic code, except that if Code 941 is authorized, the host country is also eligible. Section 604(d) of the Foreign Assistance Act requires that if a recipient country discriminates by statute, decree, rule, or practice with respect to DOS-financed procurement against any marine insurance company authorized to do business in any State of the United States, then any DOS-

S-LMAQM-04-C-0030

financed commodity shipped to that country shall be placed in the U.S. with a company or companies authorized to do a marine insurance business in any State of the U.S.

(d) Ineligible goods and services. The following goods or services shall not be procured under this contract:

- (1) Abortion equipment and services,
- (2) Luxury goods and gambling equipment, or
- (3) Weather modification equipment.

If DOS determines that the Contractor has procured any of these specific ineligible goods and services under this contract and has received payment therefor, the Contractor agrees to refund to DOS the entire amount of the purchase.

(e) Restricted Goods. The Contractor shall not procure any of the following goods or services without the prior written approval of the Contracting Officer:

- (1) Agricultural commodities,
- (2) Motor vehicles,
- (3) Pharmaceuticals,
- (4) Pesticides,
- (5) Plasticizers,
- (6) Used equipment,
- (7) U.S. Government-owned excess property, or
- (8) Fertilizer,
- (9) Weapons/ammunition
- (10) Controlled items requiring export license approvals

If DOS determines that the Contractor has procured any of these specified restricted goods under this contract without the prior written authorization of the Contracting Officer, and has received payment for such purposes, the Contractor agrees to refund to DOS the entire amount of the purchase.

(f) Printed or audio-visual teaching materials. If the effective use of printed or audio-visual teaching materials depends upon their being in the local language and if such materials are intended for technical assistance projects or activities financed by DOS in whole or in part and if other funds, including U.S.-owned or U.S.-controlled local currencies are not readily available to finance the procurement of such materials, local language versions may be procured from the following sources, in order of preference.

- (1) Code 000, United States,
- (2) Code ---, Cooperating Country.
- (3) Code 941, Selected Free World,
- (4) Code 899, Free World.

(g) Ineligible suppliers. Funds provided under this contract shall not be used to procure any commodity or commodity-related services furnished by any supplier whose name appears on the List of Ineligible Suppliers under AID Regulation 8, "Suppliers of Commodities and Commodity-Related Services Ineligible for AID Financing" (22 CFR Part 208).

(h) Waiver for transactions not exceeding \$25,000. On October 25, 1989, the Assistant Secretary for International Narcotics and Law Enforcement Affairs executed a blanket source/origin/nationality waiver covering transactions for procurement of INC-funded commodities, commodity-related services and technical services not exceeding \$25,000.

## H.12 DIFFERENTIALS AND ALLOWANCES

# UNCLASSIFIED

S-LMAQM-04-C-0030

The following differentials and allowances are reimbursable under this contract at rates not to exceed those contained in the Department of State Standardized Regulations (Government Civilians, Foreign Areas), Section 920 Post Classification and Payment Tables. The differential and allowance benefits are available for Contractor personnel hired in the United States. These benefits are not extended to dependents of the Contractor's personnel nor are they available to Contractor personnel who are US citizens hired in the host country, host country personnel and third country nationals.

**Post differential.** Post differential is an additional compensation for service at places in foreign areas where conditions of environment differ substantially from conditions of environment in the continental United States and warrant additional compensation as a recruitment and retention incentive. In areas where post differential is paid to Department of State (DOS) direct-hire employees, post differential not to exceed the percentage of salary as is provided such DOS employees in accordance with Standardized Regulations (Government Civilians, Foreign Areas), Chapter 900, as from time to time amended, will be reimbursable hereunder for employees in respect to amounts earned during the time such employees actually spend overseas on work under this contract. Section 552, "Ceiling on Payments," will not be applicable to this contract. When such post differential is provided to Contractor employees, it shall be payable beginning on the date of arrival at the post on official business, until the close of business on the day of departure from post of assignment en route to the United States. Sick or vacation leave taken at or away from the post of assignment will not interrupt the continuity of the assignment or require a discontinuance of such post differential payments, provided such leave is not taken within the United States or the territories of the United States. Short-term employees shall be entitled to post differential beginning with the forty-three (43rd) day at post.

**Danger Pay Allowance.** The Danger pay allowance is designed to provide additional compensation above basic compensation to all U.S. Government civilian employees, including chiefs of Mission, for service at places in foreign areas where there exist conditions of civil insurrection, civil war, terrorism or wartime conditions which threaten physical harm or imminent danger to the health or well-being of an employee. These conditions do not include acts characterized chiefly as economic crime. The amount of danger pay cannot exceed 25 percent of basic compensation. The amount of danger pay allowance shall be at the rates of 15, 20 and 25 percent, based on the determined level of danger and the presence of non-essential personnel at post. Danger pay allowance commences on the date of designation by the Secretary of State for employees present at the post on assignment or detail, and on the date of arrival at post for subsequently assigned or detailed employees or for employees returning to post after temporary absence. The danger pay allowance terminates as of the close of business on the day the designation is removed by the Secretary of State, or the day the employee departs the post for any reason for a post or country/area not designated for the danger pay allowance. Additional information can be found in the Standardized Regulations, Chapter 650.

## SUBSECTION I-2 CLAUSES INCORPORATED IN FULL TEXT

### FAR 52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor at any time prior to the expiration date of the contract.

### FAR 52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000) (ACQ VARIATION) (11/99)

(a) The Government may extend the term of the contract by written notice(s) to the Contractor within the period(s) specified below.

<u>ITEM(S)</u>	<u>LATEST OPTION EXERCISE DATE</u>
0001-0040	60 Days Prior To The End Of The Base Period
1001-1040	60 Days Prior To The End Of Option Year 1
2001-2040	60 Days Prior To The End Of Option Year 2
3001-3040	60 Days Prior To The End Of Option Year 3
4001-4040	60 Days Prior To The End Of Option Year 4

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any option(s) under this clause, shall not exceed 5 YEARS.

### FAR 52.227-23 RIGHTS TO PROPOSAL DATA (TECHNICAL) (JUN 1987)

Except for data contained on pages \_\_\_\_\_, it is agreed that as a condition of award of this contract, and notwithstanding the conditions of any notice appearing thereon, the Government shall have unlimited rights (as defined in the "Rights in Data--General" clause contained in this contract) in and to the technical data contained in the proposal dated \_\_\_\_\_, upon which this contract is based.

### 52.222-2 PAYMENT FOR OVERTIME PREMIUMS (JUL 1990)

# UNCLASSIFIED

S-LMAQM-04-C-0030

(a) The use of overtime is authorized under this contract if the overtime premium cost does not exceed zero dollars or the overtime premium is paid for work--

(1) Necessary to cope with emergencies such as those resulting from accidents, natural disasters, breakdowns of production equipment, or occasional production bottlenecks of a sporadic nature;

(2) By indirect-labor employees such as those performing duties in connection with administration, protection, transportation, maintenance, standby plant protection, operation of utilities, or accounting;

(3) To perform tests, industrial processes, laboratory procedures, loading or unloading of transportation conveyances, and operations in flight or afloat that are continuous in nature and cannot reasonably be interrupted or completed otherwise; or

(4) That will result in lower overall costs to the Government.

(b) Any request for estimated overtime premiums that exceeds the amount specified above shall include all estimated overtime for contract completion and shall--

(1) Identify the work unit; e.g., department or section in which the requested overtime will be used, together with present workload, staffing, and other data of the affected unit sufficient to permit the Contracting Officer to evaluate the necessity for the overtime;

(2) Demonstrate the effect that denial of the request will have on the contract delivery or performance schedule;

(3) Identify the extent to which approval of overtime would affect the performance or payments in connection with other Government contracts, together with identification of each effected contract; and

(4) Provide reasons why the required work cannot be performed by using multishift operations or by employing additional personnel.

## **FAR 52.232-35 DESIGNATION OF OFFICE FOR GOVERNMENT RECEIPT OF ELECTRONIC FUNDS TRANSFER INFORMATION (MAY 1999)**

(a) As provided in paragraph (b) of the clause at 52.232-34, Payment by Electronic Funds Transfer--Other than Central Contractor Registration, the Government has designated the office cited in paragraph (c) of this clause as the office to receive the Contractor's electronic funds transfer (EFT) information, in lieu of the payment office of this contract.

(b) The Contractor shall send all EFT information, and any changes to EFT information to the office designated in paragraph (c) of this clause. The Contractor shall not send EFT information to the payment office, or any other office than that designated in paragraph (c). The Government need not use any EFT information sent to any office other than that designated in paragraph (c).

(c) Designated Office:

Name:	U.S. Department of State Payments Division Interface Control Branch
Mailing Address:	Washington, DC 20522-1506

[NOTE: Vendor shall submit EFT information using the attached Standard Form 3881, "ACH Vendor/Miscellaneous Payment Enrollment Form." Effective October 1, 1999, the vendor's Taxpayer Identification Number must be included on all invoices and vouchers.]

**FAR 52.242-4 CERTIFICATION OF INDIRECT COSTS (OCT 1995)**

(a) The Contractor shall--

- (1) Certify any proposal to establish or modify billing rates or to establish final indirect cost rates;
- (2) Use the format in paragraph (c) of this clause to certify; and
- (3) Have the certificate signed by an individual of the Contractor's organization at a level no lower than a vice president or chief financial officer of the business segment of the Contractor that submits the proposal.

(b) Failure by the Contractor to submit a signed certificate, as described in this clause, shall result in payment of indirect costs at rates unilaterally established by the Government.

(c) The certificate of indirect costs shall read as follows:

**CERTIFICATE OF INDIRECT COSTS**

This is to certify that to the best of my knowledge and belief:

1. I have reviewed this indirect cost proposal;
2. All costs included in this proposal \_\_\_\_\_  
(identify proposal and date) to establish billing or final indirect costs rates for \_\_\_\_\_  
(identify period covered by rate) are allowable in accordance with the requirements of contracts to which they apply and with the cost principles of the Federal Acquisition Regulation (FAR) and its supplements applicable to those contracts;
3. This proposal does not include any costs which are unallowable under applicable cost principles of the FAR or its supplements, including, but not limited to: advertising and public relations costs, contributions and donations, entertainment costs, fines and penalties, lobbying costs, defense of fraud proceedings, and goodwill; and
4. All costs included in this proposal are properly allocable to Government contracts on the basis of a beneficial or causal relationship between the expenses incurred and the contracts to which they are allocated in accordance with applicable acquisition regulations.

I declare under penalty of perjury that the foregoing is true and correct.

**FAR 52.243-7 NOTIFICATION OF CHANGES (APR 1984)**

(a) *Definitions.* "Contracting Officer," as used in this clause, does not include any representative of the Contracting Officer.

"Specifically Authorized Representative (SAR)," as used in this clause, means any person the Contracting Officer has so designated by written notice (a copy of which shall be provided to the Contractor) which shall refer to this subparagraph and shall be issued to the designated representative before the SAR exercises such authority.

(b) *Notice.* The primary purpose of this clause is to obtain prompt reporting of Government conduct that the Contractor considers to constitute a change to this contract. Except for changes identified as such in writing and signed by the Contracting Officer, the Contractor shall notify the Administrative Contracting Officer in writing promptly, within TBD calendar days from the date that the Contractor identifies any Government conduct (including actions, inactions, and written or oral communications) that the Contractor regards as a change to the contract terms and conditions. On the basis of the most accurate information available to the Contractor, the notice shall state—

- (1) The date, nature, and circumstances of the conduct regarded as a change;
- (2) The name, function, and activity of each Government individual and Contractor official or employee involved in or knowledgeable about such conduct;
- (3) The identification of any documents and the substance of any oral communication involved in such conduct;
- (4) In the instance of alleged acceleration of scheduled performance of delivery, the basis upon which it arose;
- (5) The particular elements of contract performance for which the Contractor may seek an equitable adjustment under this clause, including—
  - (i) What contract line items have been or may be affected by the alleged change;
  - (ii) What labor or materials or both have been or may be added, deleted, or wasted by the alleged change;
  - (iii) To the extent practicable, what delay and disruption in the manner and sequence of performance and effect on continued performance have been or may be caused by the alleged change;
  - (iv) What adjustments to contract price, delivery schedule, and other provisions affected by the alleged change are estimated; and
- (6) The Contractor's estimate of the time by which the Government must respond to the Contractor's notice to minimize cost, delay or disruption of performance.

(c) *Continued performance.* Following submission of the notice required by (b) above, the Contractor shall diligently continue performance of this contract to the maximum extent possible in accordance with its terms and conditions as construed by the Contractor, unless the notice reports a direction of the Contracting Officer or a communication from a SAR of the Contracting Officer, either of which events the Contractor shall continue performance; *provided*, however, that if the Contractor regards the direction or communication as a change as described in (b) above, notice shall be given in the manner provided. All directions,

communications, interpretations, orders and similar actions of the SAR shall be reduced to writing promptly and copies furnished to the Contractor and to the Contracting Officer. The Contracting Officer shall promptly countermand any action, which exceeds the authority of the SAR.

(d) *Government response.* The Contracting Officer shall promptly, within TBD calendar days after receipt of notice, respond to the notice in writing. In responding, the Contracting Officer shall either--

(1) Confirm that the conduct of which the Contractor gave notice constitutes a change when necessary direct the mode of further performance;

(2) Countermand any communication regarded as a change;

(3) Deny that the conduct of which the Contractor gave notice constitutes a change and when necessary direct the mode of further performance; or

(4) In the event the Contractor's notice information is inadequate to make a decision under (1), (2) or (3) above, advise the Contractor that additional information is required, and establish the date by which it should be furnished and the date thereafter by which the Government will respond.

(d) *Equitable adjustments.* (1) If the Contracting Officer confirms that Government conduct effected a change as alleged by the Contractor, and the conduct causes an increase or decrease in the Contractor's cost of, or the time required for, performance of any part of the work under this contract, whether changed or not changed by such conduct, an equitable adjustment shall be made--

(i) In the contract price or delivery schedule or both; and

(ii) In such other provisions of the contract as may be affected.

(2) The contract shall be modified in writing accordingly. In the case of drawings, designs or specifications which are defective and for which the Government is responsible, the equitable adjustment shall include the cost and time extension for delay reasonably incurred by the Contractor in attempting to comply with the defective drawings, designs or specifications before the Contractor identified, or reasonably should have identified, such defect. When the cost of property made obsolete or excess as a result of a change confirmed by the Contracting Officer under this clause is included in the equitable adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of the property. The equitable adjustment shall not include increased costs or time extensions for delay resulting from the Contractor's failure to provide notice or to continue performance as provided, respectively, in (b) and (c) above.

#### **FAR 52.244-6 SUBCONTRACTS FOR COMMERCIAL ITEMS (MAY 2002)**

(a) Definitions. As used in this clause--

"Commercial item" has the meaning contained in the clause at 52.202-1, Definitions.

"Subcontract" includes a transfer of commercial items between divisions, subsidiaries, or affiliates of the Contractor or subcontractor at any tier.

(b) To the maximum extent practicable, the Contractor shall incorporate, and require its subcontractors at all tiers to incorporate, commercial items or nondevelopmental items as components of items to be supplied under this contract.

(c)(1) The Contractor shall insert the following clauses in subcontracts for commercial items:

# UNCLASSIFIED

S-LMAQM-04-C-0030

(i) 52.219-8, Utilization of Small Business Concerns (OCT 2000) (15 U.S.C. 637(d)(2) and (3)), in all subcontracts that offer further subcontracting opportunities. If the subcontract (except subcontracts to small business concerns) exceeds \$500,000 (\$1,000,000 for construction of any public facility), the subcontractor must include 52.219-8 in lower tier subcontracts that offer subcontracting opportunities.

(ii) 52.222-26, Equal Opportunity (APR 2002) (E.O. 11246).

(iii) 52.222-35, Equal Opportunity for Special Disabled Veterans, Veterans of the Vietnam Era, and Other Eligible Veterans (DEC 2001) (38 U.S.C. 4212(a)).

(iv) 52.222-36, Affirmative Action for Workers with Disabilities (JUN 1998) (29 U.S.C. 793),

(v) 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels (JUN 2000) (46 U.S.C. Appx 1241) (flowdown not required for subcontracts awarded beginning May 1, 1996).

(2) While not required, the Contractor may flow down to subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.

(d) The Contractor shall include the terms of this clause, including this paragraph (d), in subcontracts awarded under this contract.

## **FAR 52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)**

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

FAR:	<a href="http://www.arnet.gov/far">www.arnet.gov/far</a>

## **ACCESSIBILITY OF ELECTRONIC AND INFORMATION TECHNOLOGY (JUN 2001)**

(a) Each Electronic and Information Technology (EIT) product or service furnished under this contract shall comply with the Section 508 Accessibility Standards (36 CFR 1194), as specified in the contract. If the Contracting Officer determines any furnished product or service is not in compliance with the contract, the Contracting Officer will promptly inform the Contractor in writing. The Contractor shall, at no cost to the Government, repair or replace the non-compliant products or services within the period of time specified by the Contracting Officer. If the repair or replacement is not completed within the time specified, the Contracting Officer may:

(1) Cancel the contract, delivery or task order, purchase order or line item without termination liabilities; or

(2) In the case of custom EIT being developed under this contract, have any necessary changes made or repairs performed by Government employees or by another contractor and the Contractor must reimburse the Government for any expenses incurred thereby.

(b) For every EIT product or service accepted under this contract by the Government that does not comply with 36 CFR 1194, the Contractor must, at the discretion of the Contracting Officer, make every effort to replace or upgrade it with a compliant equivalent product or service, if commercially available and cost neutral, on either the planned refresh cycle of the product or service, or on the contract renewal date, whichever occurs first.

**COMPLIANCE WITH SECTION 508 OF THE REHABILITATION ACT OF 1973, AS AMENDED  
(INDEFINITE DELIVERY CONTRACTS) (JUN 2001)**

- (a) The Contractor must provide a comprehensive list of all offered specific electronic and information technology (EIT) products that fully comply with Section 508 of the Rehabilitation Act of 1973, per the 1998 Amendments, and the Architectural and Transportation Barriers Compliance Board's Electronic and Information Technology Accessibility Standards at 36 CFR Part 1194. The Contractor must clearly indicate where this list with full details of compliance can be found (e.g., vendor's or other exact web page location). The Contractor must ensure that the list is easily accessible by typical users beginning five calendar days after award. The Contractor must maintain this detailed listing of compliant products for the full contract term, including all forms of extensions, and must ensure that it is current within three calendar days of changes to its product line.
- (b) For every EIT product accepted under this contract by the Government that does not comply with 36 CFR Part 1194, the Contractor shall, at the discretion of the Government, make every effort to replace or upgrade it with a compliant equivalent product, if commercially available and cost neutral, on either the planned refresh cycle of the product or service, or the contract renewal date, whichever shall occur first.

**ARAB LEAGUE BOYCOTT OF ISRAEL (06/95)**

- (a) *Definitions.* As used in this clause:
- (1) The term "foreign person" means any person other than a United States person as defined in paragraph (2); and
- (2) The term "United States person" means any United States resident or national (other than an individual resident outside the United States and employed by other than a United States person), any domestic concern (including any permanent domestic establishment of any foreign concern), and any foreign subsidiary or affiliate (including any permanent foreign establishment) of any domestic concern which is controlled in fact by such domestic concern, as determined under regulations of the President.
- (b) *Certification.* By submitting this offer, the Contractor certifies that it is not:
- (1) Taking or knowingly agreeing to take any action, with respect to the boycott of Israel by Arab League countries, which Section 8(a) of the Export Administration Act of 1979, as amended (50 U.S.C. App. 2407(a)) prohibits a United States person from taking, or
- (2) Discriminating in the award of subcontracts on the basis of religion.

## Instructions for Completing SF 3881 Form

Make three copies of form after completing. Copy 1 is the Agency Copy; copy 2 is the Payee/Company Copy; and copy 3 is the Financial Institution Copy.

1. Agency Information Section - Federal agency prints or types the name and address of the Federal program agency originating the vendor/miscellaneous payment, agency identifier, agency location code, contact person name and telephone number of the agency. Also, the appropriate box for ACH format is checked.
2. Payee/Company Information Section - Payee prints or types the name of the payee/company and address that will receive ACH vendor/miscellaneous payments, social security or taxpayer ID number, and contact person name and telephone number of the payee/company. Payee also verifies depositor account number, account title, and type of account entered by your financial institution in the Financial Institution Information Section.
3. Financial Institution Information Section - Financial institution prints or types the name and address of the payee/company's financial institution who will receive the ACH payment, ACH coordinator name and telephone number, nine-digit routing transit number, depositor (payee/company) account title and account number. Also, the box for type of account is checked, and the signature, title, and telephone number of the appropriate financial institution official are included.

## INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.
4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.
5. If the organization filing the report in item 4 checks "Subawardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.
6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.
8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001."
9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.
10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.  
  
(b) Enter the full names of the individual(s) performing services, and include full address if different from 10 (a). Enter Last Name, First Name, and Middle Initial (MI).
11. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB Control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503.

## IX. INSTRUCTIONS TO THE EXAMINER

**IMPORTANCE OF EXAMINATION:** IT IS IMPORTANT FOR THE EXAMINER TO IDENTIFY ALL MEDICAL CONDITIONS WHICH WILL REQUIRE FOLLOW-UP MEDICAL CARE OR COULD BE ADVERSELY AFFECTED BY ENVIRONMENTAL CONDITIONS SUCH AS HIGH ALTITUDE, AIR POLLUTION, AND POOR SANITATION. The consequences of not identifying preexisting health problems could be extremely serious for the examinee. As you perform the examination, keep in mind that the examinee may be assigned to a third world developing country where medical care is not available.

**DISPOSITION OF REPORTS:** All reports must be in English and be identified with the full name and date of birth of the examinee. All reports should be placed in a sealed envelope and marked, "Privileged Medical Information." If abroad, the report should be returned to the Embassy. If in the U.S., the report should be mailed to: MEDICAL CLEARANCES, Room 1200 SA-1, U.S. Department of State, 2401 E St. NW Washington, DC 20522-0102.

**EXAMINATION FEES:** Reimbursement of a reasonable and customary fee will be made for each examination, including laboratory tests, and X-ray procedures. Please itemize tests and cost of each. Submit first to insurance and any remaining bills to: Medical Claims, Room H-230, SA-1, U.S. Department of State 2401 E St. NW, Washington DC 20522-0102.

**NOTE:** Recommend a copy of the examination be given to examinee.
